

Contracts Management Benefits

From contract negotiation, tracking terms, managing the documents, and planning for future renewals or terminations, LicenseHQ supports and organizes the entire life cycle of your agreements.

- Time savings frees your team up to handle new tasks or tackle outstanding projects
- Notifications on upcoming tasks or deadlines allows for better workflow forecasting and planning
- Centralizing documents speeds up document processing and retrieval times, and makes collaboration easier
- Linking documents and data to your contracts or legal agreements helps you see the full scope of your projects and speeds up search and retrieval
- Increased transparency keeps workers and management better up-to-speed on how projects are developing
- Role-based security gives peace of mind that the right people have access to what they need, and the wrong people don't
- Audit log tracks all changes made to your data, invaluable in the case of an audit
- Going paperless saves your office money, and makes forests happy

One client was able to save over 67% of their labor expenses. When they acquired new business the next year, existing staff successfully managed the new work.
